

# Clippard Value Added Solutions

## Value Added Service

Clippard Instrument Laboratory has pioneered the miniature pneumatic industry. We have an expansive line of components that are used in thousands of applications across many markets. It is this experience and knowledge of our own products that is now available to our customers when collaborating with Clippard to develop the right solution. Our production, engineering, and sales staff will come together with your organization to design, build, QC, and ship your pneumatic assembly when you need it.

**Mission:** Our goal is to optimize a systems design, to increase performance, reduce cost, and allow our customers to concentrate on their core competencies.

### Advantages:

- 100% Tested sub-assemblies
- Less stock
- Fewer vendors and purchase orders
- Requires less manufacturing time
- Increase production efficiency
- Specialized support
- Overall cost reduction

## flexible solutions for your pneumatic needs

### We offer these turnkey solutions:

- Pneumatic Assemblies
- Special Manifold Design
- Manifold Assemblies
- Pneumatic Circuit Design
- Control Boxes
- Fitting and Tubing Harnesses
- Component Kitting
- Specialized Testing
- KanBan Services

**Contact:** Call Clippard's Value Added services and take advantage of our experience and knowledge of pneumatic system design. Our staff will help you identify the right solution for your application today.
