### Clippard All Stainless Steel Pneumatic Cylinders

*Cincinnati, Ohio* -- Designed for use in a broad range of applications including those in washdown and caustic environments, these quality cylinders are constructed of durable 303 and 304 stainless steel. They include a Nitrile rod wiper to keep potential contaminants from penetrating inside the cylinder, and are available with bore sizes from 3/4" to 2". Standard stroke lengths are from 1" up to 32" on some models.

- Precision rolled construction for a solid, leakproof cylinder
- Interchangeable design
- Proudly manufactured in the USA

For more information about these new cylinders or any of Clippard's other quality pneumatic products, call 513-521-4261 or visit [www.clippard.com](http://www.clippard.com).
