CLIPPARD MANUAL ROTARY VALVES

Cincinnati, Ohio -- Clippard Instrument Laboratory, Inc. introduces a new line of Rotary Air Valves.

These new rotary valves are 4-way with 1/4" NPT ports. They are manually-operated 3-position closed center valves offering an operating pressure range of 0 to 150 psig and an operating temperature from 32 to 140°F.

With a small footprint, this base mounted rotary valve offers flexibility for strategic locations.
