

# Looking for the Perfect

# Flow Control Valve?

Clippard offers over 50 models of adjustable flow controls with #10-32 through 3/8" NPT ports, and flow rates of 5 to 60 scfm @ 100 psig. The line features combination needle and check valves which control flow in one direction and allows free flow in the opposite direction. Some models have integral Push-Quick fittings. And, don't forget we welcome custom orders! *All Clippard Minimatic® products are built for performance and reliability.*
