

32 Electronic Valves – 7mm 2/2 Normally-Closed Electronic Valves

Air Flow

— SV-2C-12/24-10

— SV-2C-12/24-5

— SV-2C-12/24-8

— SV-2C-12/24-3

These new direct actuating valves offer an extremely fast response time for accurate dosing of minute volumes with the same long life you expect from the original Clippard M-EV line of electronic valves, now in a 7mm cartridge package.

Due to very low moving weights, they are extremely quiet and emit very low vibration. Subminiature size and low energy consumption make them ideal for transportable and mobile systems, among others.

The SV series valves can be fully customized according to the user's unique requirements. Consult Clippard with your specific application.

- Expected life of over 1 billion cycles*
- Extremely small dead volume
- Low vibration and noise

* under certain conditions
