

Electronic Manifold Cards

Valve Details	Valve Details
Weight (lbs.)	2.9100

Direct low voltage DC signals from controllers, systems, computers or other sources to operate powerful pneumatic valves with a minimum of piping and hook-up. Cards contain 8 or 12 Clippard ET electronic Valves; fully-wired circuit board; plug-in with 25-pin connector, resistor, diode, LED and switch for each valve; and auxiliary power supply connection.
