

Air Pilot Valve Actuators

M-MPA-3

Air Pilot Valve Actuators thread onto the tops of Clippard miniature 2-Way, 3-Way, and 4-Way valves to provide fast pilot actuation from a pneumatic signal. They permit wide circuit flexibility and minimize cost, hazards and complexity by allowing many control functions to be accomplished pneumatically.

Accessories	Actuator Spacer 12098-PKG Pkg. of 10, 12098-BLK Bulk
Bore Size	3/8"
Length	1.0
Material, Body	Brass, Delrin Piston
Material, Seals	Nitrile
Material, Spring	Stainless Steel
Max PSI	17 bar
Medium	Air
Mount	M12x0.75 Female Thread
Port, Inlet	#10-32
Unit	Metric
Weight (lbs.)	0.0700
