

TV 4-Way Toggle Valves

M-TV-4DP

4-Way 3-position toggle valves with outlet ports open to atmosphere in the center position. The valve can be spring center, 3-position detent or the "DM" provides a detent on one side and spring return on the other side. The TV-DM model can be used on the momentary side as a "jog" or manual control, and with the detented side for an automatic or "run" mode.
