

#10-32 Valves

MCV-2

Check valves permit flow in one direction only. The MCV series is available with #10-32 ports and are constructed of bright-dipped brass bodies that provide in-line mounting.

Flow	28 l/min @ 50 psig; 71 l/min @ 100 psig
Input PSI	100 psig max.
Length	.750
Material, Body	Brass
Material, Seals	Nitrile
Material, Spring	Stainless Steel
Medium	Air
Mount	Direct or In-Line
Note	Not intended for pressure relief. Arrow on valve indicates direction of flow.
Operating Temperature Range	32 to 230°F
Ports (Inlet - Outlet)	#10-32 (Female - Female_
Pressure to Open	Cracks @ approx. 1 psig (0.07 bar)
Product Line Brochure	Mechanical Valves
Seals	Nitrile
Unit	Imperial
Weight (lbs.)	0.0300
